

# Student Council

A nominating process by the teachers, counselor, and principal selects the student council members. The members are nominated by their leadership skills, good character, and empathy they show towards others. The student council members are responsible for the planning of many school activities. Student council along with Mrs. Kocka and another staff member plans activities such as Kindness Week, Red Ribbon Week, and the planting and harvesting of the Soy Beans. Student Council also speaks at many lyceums, and presentations, and is responsible for many announcements throughout the year.
